

YEAR 2002

American Piledriving Equipment, Inc.

APE has taken over the diesel hammer industry. Why? We have a lower price, we provide a better warranty, we stock the big hammers and parts, and we are driven to service the contractor directly- no distributors!

Don't take our word for it. Here is a list of top notch contractors. No other hammer supplier can provide a reference list with so many satisfied customers.

<u>Contractor name</u>	<u>Contact</u>	<u>Model</u>	<u>Phone number</u>	<u>Contractor name</u>	<u>Contact</u>	<u>Model</u>	<u>Phone number</u>
